

PAL SOCCER PLAYER RATINGS INSTRUCTIONS

1. Enter the jersey number for each player in the first column.
2. Enter the name of all the players on the team in the second column. Include first and last names.
3. Give an overall rating, based on the rating scale on the form. Base your rating on how the player ranks compared to the rest of the players in the division. Think of the best player in the division, consider that player being a 10, how does each player rank to the best player in the entire league.
4. Columns four through six - rate the player's dribbling, shooting, and passing skills using the scale on the form.
5. In the seventh column, rank the players only on your team from best (rank this person #1) to the least skilled/beginner player (rank this person #10, if you have 10 players on your team). Your best player on your team will be #1, second best player will be #2 and so forth.
6. In the eight column, enter the player's primary position played during the season, also indicate "goalie" if they played during the season.
7. In the last column, please indicate any concerns or additional information another coach should be aware of when working with the child next year.
For example: Does Not Speak English, Problems with Social Communications and/or Interactions, Aggressive Behaviors, Behavior Issues, Quit the Team, etc.
